Irvine, CA 92619-7000

BY: DCC DEPUTY

Project Name: INITIAL DISINFECTION FACILITY CHLORINE INJECTION LINE REPLACEMENT

Project Location: On Susan Street, between Warner Avenue and Central Avenue in the City of Santa Ana, CA (See Exhibit A)

County: Orange

Description of Nature, Purpose and Beneficiaries of Project:

In 1997, the Initial Disinfection Facility (IDF) was constructed as part of the Dyer Road Well Field (DRWF) Disinfection Facilities project. The IDF provides initial disinfection for water leaving the DRWF. IDF has been out of service since November 2012 due to a series of leaks to the existing 4-inch disinfection line. This project will replace a portion of the existing disinfection injection line. The DRWF was designed to operate with disinfection at two facilities, but with IDF currently offline, DRWF is currently relying on one facility alone. Replacement of the IDF disinfection injection line is a high priority for optimal operation of the entire DRWF.

Exempt Status: (check one)

- Ministerial (Sec 21080(b)(1); (State Guidelines Sec. §15268))
 Declared Emergency (Sec 21080(b)(3); State Guidelines Sec. §15269(a))
 Emergency Project (Sec 21080(b)(4); (State Guidelines Sec. §15269(b)(c))
 Categorical Exemption (State Guidelines Sec. §15301)
 Categorical Exemption (State Guidelines Sec. §15302)
 Categorical Exemption (State Guidelines Sec. §15303)
 Categorical Exemption (State Guidelines Sec. §15306)
 Statutory Exemption State code number (State Guidelines §15282)

Reasons why project is exempt:

Class 1 consists of the operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

Class 2 consists of the replacement or reconstruction of existing structures and facilities where the new structure will be located on the same site as the structure replaced and will have substantially the same purpose and capacity as the structure replaced including but not limited to replacement of a commercial structure with a new structure of substantially the same size, purpose and capacity; and replacement of or reconstruction of existing utility systems and/or facilities involving negligible or no expansion of capacity.

Submission of this form is optional. Local agencies may file this form with the county clerk pursuant to Public Resources Code Section 21152(b). The filing of the notice starts a 35-day statute of limitations on court challenges to the approval of the project under Public Resources Code Section 21167(d). Failure to file the notice results in the statute of limitations being extended to 180 days.
