Project Name: Sewer Rehabilitation Project (2014)
Project Location: Newport Beach, Lake Forest, and Irvine, CA (see Exhibit "A")
County: Orange

Description of Nature, Purpose and Beneficiaries of Project:

Irvine Ranch Water District (IRWD) owns, operates and maintains sewer lines throughout the cities of Newport Beach, Lake Forest, and Irvine. These cities are all located in Orange County, California. Approximately 3,430 linear feet of 8-inch, 10-inch, and 12-inch diameter gravity sewer pipelines are in need of rehabilitation. Portions of the sewer lines have obstruction problems due to root intrusions, and portions of the lines also have cracked defects which require rehabilitation. IRWD has identified ten locations where portions of the sewer lines are critically or frequently obstructed and require rehabilitation. Rehabilitation will include root ball removal and cured-in-place-pipe relining. The work will take place at manhole access points and may require sewer bypass installation.

Reasons why project is exempt:

BY: [Signature] DEPUTY

Work to be performed includes the minor restoration and rehabilitation to portions of existing IRWD sewer pipelines throughout the District's service area. Portions of the sewer line will be rehabilitated with cured in place pipe and when completed, the sewer lines will have the same purpose and capacity. The sewer line repair/replacement represents no expansion of use. This work is exempt under Categorical Exemption 15301.

Class 1 consists of the operation, repair, maintenance, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use beyond that existing at the time of the lead agency's determination.

Submission of this form is optional. Local agencies may file this form with the county clerk pursuant to Public Resources Code Section 21152(b). The filing of the notice starts a 35-day statute of limitations on court challenges to the approval of the project under Public Resources Code Section 21167(d). Failure to file the notice results in the statute of limitations being extended to 180 days.
