Project Name: Main Street Diversion Structure Rehabilitation

Project Location: Located in San Mateo Park in Irvine, CA (see Exhibit A )

County: Orange

Description of Nature, Purpose and Beneficiaries of Project:

Irvine Ranch Water District's Main Street Diversion Structure, located in San Mateo Park in Irvine, diverts wastewater flows to either IRWD's Michelson Water Recycling Plant or the Orange County Sanitation District (OCSD). Due to differential settling, the at grade structure housing the controls and the OCSD slide gate motor operator is leaning, preventing full operation of the slide gate. The project will rehabilitate the diversion structure to restore it to normal operation.
