Project Name: Sewer Vault Riser-Hatch Replacement Project

Project Location: Located within the IRWD Duck Club at 15 Riparian View, Irvine, CA (see Exhibit "A")

County: Orange

Description of Nature, Purpose and Beneficiaries of Project:

Irvine Ranch Water District (IRWD) operates and maintains the South Irvine Interceptor that flows in Michelson Water Recycling Plant in Irvine, CA. IRWD routinely inspects and cleans the sewer interceptor, and a recent assessment indicated the need for a replacement sewer vault lid structure located near the Duck Club, located at 15 Riparian View and immediately adjacent to the IRWD Michelson Water Recycling Plant in Irvine, CA. The existing vault lid does not open correctly and therefore needs replacement.

This project will remove the existing sewer vault lid and replace it with a new correct opening sewer lid.
